JERICHO B. CANLAS

TARLAC CITY, PROVINCE OF TARLAC

ABOUT ME

Aspiring full stack web developer with a foundational understanding of web application development and backend systems. Familiar with front-end technologies (HTML, CSS, JavaScript) and version control tools like Git/GitHub. Eager to gain hands-on experience, enhance technical skills, and contribute to impactful, real-world projects. Committed to continuous learning and growth in adapting to new technologies.

SKILLS

- Resourceful
- Javascript (ReactJS, Bootstrap), Python (FastAPI, Flask), PHP (Laravel), Java, MySQL, and NoSQL
- HTML5/ CSS/ SASS
- Git/Github Management
- Organize and Responsible

WORK HISTORY

WIRELESS ACCESS FOR HEALTH (WAH) | BACK-END DEVELOPER INTERN,
TARLAC CITY, PROVINCE OF TARLAC, PHILIPPINES

06/2024 – 08/2024

- Developed a **web-based attendance system** using **PHP Laravel** as the backend framework.
- Implemented a feature to automatically generate and send seminar certificates to participants via email.
- Utilized **TablePlus** (**Non-SQL**) for managing database records related to seminar attendance and user data.
- Gained hands-on experience in web hosting, version control using **Git/GitHub**, and team-based development workflows.
- Collaborated in a **team of 4 developers**, focusing on backend logic, API integration, and data management.
- Explored and mastered Laravel fundamentals, contributing effectively to the project's backend within a **172-hour internship** period.

TARLAC CITY HALL | SPECIAL PROGRAM FOR EMPLOYMENT OF STUDENTS (SPES) -
TARLAC CITY, PROVINCE OF TARLAC, PHILIPPINES

06/2020 – 08/2023

- Participated in the government-funded SPES program across four consecutive summers, supporting various departments including:
  - **Department of the Interior and Local Government (DILG)**
  - **Animal Bite Center**
  - **Tarlac City Information Office**
- Performed duties as a **data encoder, administrative assistant, and content writer, handling records, documents, and public information materials**.
- Applied strong **computer literacy skills**, including Microsoft Office and basic document management, in day-to-day office operations.
- Gained exposure to local government procedures and public service operations, enhancing **professionalism, adaptability, and communication skills**.
- Built a versatile skill set while contributing to real-world municipal tasks and community-focused projects.
